

Merc Partners

2018

Our partners are experienced technology companies, security integrators and consulting organizations that are ready to innovate, collaborate and help customers solve their most pressing security business challenges. We rely on our valued partners to deliver powerful and innovative customer solutions based on Authentic Mercury hardware, enabling organizations to extend their access control beyond the door for total building security.

Better make it Merc.

Mercury's partners are essential to our business and ongoing success.

Mercury is proud to continually enhance our collaborative relationships with premier partners by serving as an extension of their engineering and development teams. Our goal is to work in concert with partners to provide advanced, industry-leading solutions that are optimized to meet the full range of customer requirements in today's dynamic market.

Our Platinum Premier, Platinum Elite and Platinum partners are some of the top system providers in the security industry. These notable partners are the preferred OEM suppliers of government and enterprise customers worldwide for providing expert security solutions that meet their diverse range of requirements.

All Mercury partners are provided a standardized API tool kit and have full access to the Authentic Mercury Platform. Additionally, Mercury's strong partner ecosystem includes technology partners who integrate or embed our technologies or deliver complementary technologies that add new access control capabilities throughout the building.
